MEMORANDUM OF POINTS AND AUTHORITIES

I. INTRODUCTION

Plaintiffs MESIKA MAGIC and YIGAL MESIKA (collectively, “Plaintiffs”) respectfully oppose the Defendant PENGUIN MAGIC, INC.’s (“Penguin Magic”) Motion to Dismiss the Second Amended Complaint (the “Motion”). Penguin Magic moves under Federal Rules of Civil Procedure 12(b)(6) and to strike several causes of action under California’s Anti-SLAPP statute.

As shown below, Penguin Magic’s Motion is insufficient and fails for three independent reasons.

For the reasons herein, the Court should deny Penguin Magic’s Motion in full.

II. FACTUAL BACKGROUND

A. Yigal Mesika’s Reputation

Plaintiff Mesika Magic is a California magic-product company founded by Plaintiff Yigal Mesika, an inventor internationally known for innovations such as LOOPS[®], the Tarantula device, and other proprietary magic apparatus.¹ Plaintiffs’ products *had* a strong reputation in the magic community with consistent sales *before* Defendants trashed their reputation with a coordinated campaign of defamation, disruption of Plaintiffs’ business,² and market manipulation.³ Still, Plaintiffs are private entities, not public officials, not all-purpose public figures, and not limited-purpose public figures, as they have not interjected themselves into matters of public controversy, but were dragged into a spectacle created by Defendants, in an effort to

¹ See, SAC, Dkt. No. 43, paragraph 79.

² See, *Id.*, paragraph 139.

³ See, *Id.*, paragraphs 84, 105, 112, 120, 152, 183.

1 trash Plaintiffs' reputation.⁴

2 A California court found that plaintiffs who make equipment for a niche market,
3 but do not advertise or sell to the general public, were found not to be all-purpose
4 public figures as they lacked pervasive involvement in the affairs of society.⁵ Mesika's
5 reputation is tied to the commercial sale of his inventions within a niche community,
6 which does not amount to the general fame or notoriety required to strip Plaintiffs of
7 private figure protections.

8 If this Court finds differently, Plaintiffs show below how Defendants acted with
9 actual malice.

10 **B. The Videos at Issue**

11 **a. "The Desolation of Yigal Mesika" – July 14, 2025⁶**

12
13 Defendants go into great detail in their Motions describing the contents of the
14 three-hour video. They attempt to reference a text message exchange between Craig
15 Petty and Yigal Mesika, but studiously avoid providing the full contents of the text
16 message chain. Filed concurrently is the Declaration of Yigal Mesika, producing that
17 text message conversation. Below, the details of that conversation, wherein Petty
18 acknowledged that Yigal Mesika's patent application did indeed cite prior art that he
19 claims in the later video Mesika intentionally hid and thus Mesika's invention was
20 "stolen." Petty knew the falsity of his statements as of June 27, 2025, but contemplated
21 the video for two weeks, then published knowingly false statements on July 14, 2025.

22 Petty could have produced the text message conversation in full, but strategically

Dkt. No. 43, paragraph 4.

1 did not. This is not the first time that Petty strategically burdened this Court while
2 withholding evidence contrary to his assertions.

3
4 **b. “Craig Petty Discusses Controversy With Yigal Mesika” – July 25, 2025**

5 This video is presented as a podcast, The Penguin Magic Podcast with Erik Tait,”
6 hosted by Erik Tait of Penguin Magic. In this video, Erik Tait makes several
7 statements, all of which are made within the scope of his employment with Penguin
8 Magic. This video links to “The Desolation of Yigal Mesika,” and reviews that video
9 by Craig Petty with an interview of Craig Petty. Penguin Magic directed, controlled,
10 and ratified Petty’s speech in this video rather than merely “hosting” Petty for their
11 podcast.⁷

12 The description of this video publishes a defamatory statement against Plaintiffs,
13 “Erik Tait, for the first time, shares a story of when he wrote ad copy for Yigal and
14 how it didn’t end the way he had hoped.” The Penguin Magic video, and the channel
15 overall, is branded with Penguin Magic’s branded marks, is monetized through
16 YouTube and embedded links, linked directly to Penguin Magic’s product pages,
17 including products competing with Plaintiffs and used to drive traffic to Penguin
18 Magic’s platform and sales funnels.⁸ This video also republishes Craig Petty’s
19 defamatory “The Desolation of Yigal Mesika” video via the displayed active link, and
20 excerpts from Petty’s video.

21 The Penguin Magic video was published on their official Penguin Magic
22 YouTube channel that prominently displays Penguin Magic’s name and logo, and that
23 links viewers directly to Penguin Magic’s retail website and product pages. Beneath or
24 near the videos, viewers are encouraged to visit Penguin’s site, and links to products,

⁸ See. *Id.*, paragraph 45, Exhibit M to SAC.

1 including Craig Petty’s releases and competing products, appear in the description or
2 on the same page.⁹

3 False statements made in the Penguin Magic video are provided in Exhibit C to
4 the SAC, Dkt. No. 43-3, and discussed below.

5 ***C. The Parties and Penguin’s Commercial Marketplace***
6

7 Plaintiff Mesika Magic is a California magic-product company founded by
8 Plaintiff Yigal Mesika, an inventor internationally known for innovations such as
9 LOOPS®, the Tarantula device, and other proprietary magic apparatus.

10 Petty is a magician, entertaining and teaching, while selling products in the
11 magic industry. Petty announces commercial activities in the magic industry in
12 cooperation with Penguin Magic, Inc.¹⁰ Penguin Magic, Inc. is a commercial online
13 retailer that sells magic products, operates retail channels, produces monetized social-
14 media content, produces online videos promoting magic products, and has introduced
15 house-brand products, including “TIES” that directly compete with Plaintiffs’
16 products.¹¹

17 Penguin Magic floods the market with loss leaders and below market prices for
18 its TIES knockoff product to unfairly compete with LOOPS by selling TIES for less
19 than its own cost, including many free, unsolicited products to customers not ordering
20 TIES.¹² Penguin Magic further floods the market with TIES packets with larger
21 number of items per packet at a cost that is not sustainable unless Penguin Magic seeks
22 to force Plaintiffs out of the market as they cannot sell LOOPS at such a low price or at
23 the same price with more items per packet sold.¹³

24 So long as Penguin Magic, Inc. sells inferior counterfeit products at below
25 market prices to the detriment of the “LOOPS” product and their “TIES” name
associated with those inferior knockoff products, Plaintiffs’ business is affected

⁹ See, *Id.*, paragraph 93.

negatively.¹⁴

D. Penguin's Co-Production and Promotion of the Challenged Content

The challenged videos were not produced independently by co-defendant Craig Petty.¹⁵ Instead, they were hosted on Penguin Magic's official YouTube channel; introduced and promoted by a Penguin Magic employee host;¹⁶ branded with Penguin Magic's marks;¹⁷ monetized by Penguin Magic through YouTube and embedded links;¹⁸ linked directly to Penguin Magic's product pages, including competing products;¹⁹ used to encourage boycotts of Plaintiffs' LOOPS products;²⁰ and used to drive traffic to Penguin Magic's platform and sales funnels.²¹

E. Penguin's Marketplace Manipulation and Product Copying

The Second Amended Complaint ("SAC") further alleges that Penguin Magic: copied Plaintiffs' product concepts and designs to create knockoff competing products;²² used Plaintiffs' sales metrics and performance data to guide its own product

¹⁰ See, SAC, Dkt. No. 43, paragraph 4.

¹¹ See, e.g., Penguin Magic's website, listing "TIES" at <https://www.penguinmagic.com/p/17608>. See, SAC, Dkt. No. 43, paragraphs 14, 37, 116, 117, and 124.

development;²³ manipulated search placement to suppress Plaintiffs’ products and prioritize Penguin Magic’s competing offerings;²⁴ engaged in keyword hijacking and misleading advertising;²⁵ and caused actual lost sales,²⁶ distributor cancellations,²⁷ and consumer confusion.²⁸

III. LEGAL STANDARDS

A. Rule 12(b)(6)

A claim survives dismissal when it alleges sufficient factual matter, accepted as true, to state a plausible claim for relief. *Ashcroft v. Iqbal*, 556 U.S. 662, 678 (2009). All reasonable inferences are drawn in the Plaintiffs’ favor. *Manzarek v. St. Paul Fire & Marine Ins. Co.*, 519 F.3d 1025, 1031 (9th Cir. 2008).

B. Anti-SLAPP Under Federal Procedure

California’s Anti-SLAPP statute applies in federal court only to the extent it does not conflict with FRCP 8, 12, or 56. *Metabolife*, 264 F.3d at 845–46; *Planned Parenthood*, 890 F.3d at 833. Courts may not require plaintiffs to provide “summary-judgment-type evidence” without discovery. *Metabolife*, 264 F.3d at 846. Determining the internal scope of Erik Tait’s employment with Penguin Magic, the exact contractual relationship with Craig Petty, and Penguin Magic’s internal monetization and algorithmic online marketplace suppression metrics requires discovery that Plaintiffs cannot obtain yet, but would be in the hands of Defendants.

²³ See, *Id.*, paragraphs 109, 125.

²⁴ See, *Id.*, paragraphs 14, 35, 57, 108, 113, 124.

²⁵ See, *Id.*, paragraphs 14 103, 188, 196, 200, 204, 217.

²⁶ See, *Id.*, paragraphs 31, 57, 96, 97, 99, 105, 108, 129, 134, 160, 168, 176, 209.

²⁷ See, *Id.*, paragraphs 96, 129, 134, 141, 214.

²⁸ See, *Id.*, paragraphs 88 and 215.

1 **IV. THE ANTI-SLAPP MOTION MUST BE DENIED**

2 **A. Section 425.17(c) Commercial-Speech Exemption Applies**

3
4 California Code of Civil Procedure Section 425.17(c) exempts any claim arising from:

- 5 1. A statement by a person **primarily engaged in selling goods or services**,
6 2. About a **business competitor’s goods or services**,
7 3. Made for the purpose of **promoting or securing sales**, or
8 4. Made in the course of delivering the person’s goods or services.

9 (*Simpson Strong-Tie Co. v. Gore*, 49 Cal. 4th 12, 30 (2010).)

10
11 Penguin Magic and Petty satisfies every element:

- 12 1. Penguin operates an online retail marketplace.²⁹
13 2. Plaintiffs sell competing magic products.³⁰
14 3. The challenged videos and posts disparage Plaintiffs’ inventions and
15 professional reputation.³¹
16 4. The videos promoted Penguin’s competing products, including TIES,³² with
17 embedded product links and monetized content.³³

18 Penguin Magic is a direct commercial competitor³⁴ and Petty is aligned in business
19 with Penguin Magic.³⁵ The videos were not “public interest journalism,” they were
20 monetized commercial content, wrapped in Penguin Magic’s branding, designed to

21 ²⁹ See, *Id.*, Dkt. No. 43, paragraphs 14, 37, 63, 94, 101, 103, 104, 108, 109, 116-125,
22 134.

23 ³⁰ See, *Id.*, Dkt. No. 43, paragraphs 9, 60, 93, 94, 100, 101, 123,

24 ³¹ See, *Id.*, Exhibits B (Dkt. No. 43-2, C (Dkt. No. 43-3), and N (Dkt. No. 43-14).

25 ³² See, e.g., Penguin Magic’s website, listing “TIES” at
<https://www.penguinmagic.com/p/17608>; See, SAC, Dkt. No. 43, paragraphs 57, 60,
62, 101-103, 106, 107, 204.

³³ See, *Id.*, paragraphs 23, 43, 45, 52, 54, 141.

³⁴ See, *Id.*, paragraphs 42, 43, 45, 60, 61, 63, 205.

³⁵ See, *Id.*, paragraph 41 (discussing Defendants’ conspiracy).

1 disparage Plaintiffs' competing LOOPS products and drive sales to Penguin Magic's
2 house-brand TIES products via embedded commercial links.³⁶

3 This statutory exemption alone mandates denial of the Anti-SLAPP motion.

4 ***B. The Motion Conflicts with Federal Procedure (Metabolife)***

5
6 Under *Metabolife* and *Planned Parenthood*, the Court **may not** impose a
7 summary-judgment evidentiary burden where discovery has not occurred. This
8 independently requires denial.

9 ***C. Even if Anti-SLAPP Applied, Penguin Fails Prong One***

10 Prong one requires Defendants to show that the claims "arise from" protected
11 activity. A California Court of Appeal instructed courts to examine the principal thrust
12 or gravamen of the claim. *Hecimovich v. Encinal Sch. Parent Teacher Org.*, 203 Cal.
13 App. 4th 450, 466 (2012).

14 Here, the gravamen is commercial conduct, including marketplace manipulation;
15 product copying; suppression of searches; algorithmic steering; misappropriation of
16 data; and commercial exploitation of Plaintiffs' likeness. These acts are not protected
17 activities under § 425.16.

18 Moreover, the challenged statements constitute commercial advertising and
19 promotion, not political or public discourse, failing prong one under *Coastal Abstract*
20 *Serv., Inc. v. First Am. Title*, 173 F.3d 725, 735 (9th Cir. 1999) ("While the
21 representations need not be made in a "classic advertising campaign," but may consist
22 instead of more informal types of "promotion," the representations (4) must be
23 disseminated sufficiently to the relevant purchasing public to
24 constitute "advertising" or "promotion" within that industry.").

25 ³⁶ See, *Id.*, paragraphs 14, 40, 57, 60, 62, 100, 101-103, 106, 107, 113-115, 126-128,
204, and Exhibit Q, Dkt. No. 43-17 and Exhibit R, Dkt. No. 43-18.

D. Penguin Magic Fails Prong Two: Plaintiffs Easily Show a Probability of Prevailing

Petty's video features Craig Petty falsely claiming that Mesika does not credit "Rinky Dinky" as part of a history of not crediting other creators, while Mesika publicly credited the "Rinky Dinky" as prior art in his published patent application.³⁷

Under *Roberts v. McAfee, Inc.*, 660 F.3d 1156, 1163 (9th Cir. 2011), this showing of false statements alone exceeds the "potential merit" standard and defeats prong two. Further details regarding false statements are provided below.

Erik Tait is the designated voice of Penguin Magic,³⁸ a producer, and the gatekeeper who admits on the record that his job is to "help sort of move forward products to market with Penguin Magic."³⁹ Erik Tait holds himself out as the person who helps select products for Penguin Magic.⁴⁰ Erik Tait disparaging Mesika over a prior payment issue was not a personal deviation for Mr. Tait, but a fulfillment of his corporate role to suppress Penguin Magic's competitor.⁴¹

³⁷ See, Exhibit C to SAC, Dkt. No. 43-3, page 2, lines 16-19. See, also, Exhibit B, Dkt. No. 43-2, time stamp 1:54, where the false claim that Mesika's patent application is a copy of the "rinky dinky." Compare with paragraphs 46, 67-70 of SAC, Dkt. No. 43, and Exhibit A (Dkt. No. 43-1) thereto, demonstrating that Mesika disclosed the "rinky dinky" in the patent application openly. See, Exhibit 1 to the Mesika Declaration, filed concurrently.

³⁸ See, Exhibit J, Dkt. No. 43-10, page 2, "as well as the voice on the 'Penguin Magic Podcast.' He also helps magic creators bring their products to market."

³⁹ See, SAC, Dkt. No. 43, paragraphs 35, 36, 59, and Exhibit J, Dkt. No. 43-10.

⁴⁰ See, *Id.*, paragraphs 35-38, and Exhibit J, Dkt. No. 43-10, entitled, "Erik's Tait's 'Submitting Your Magic Invention for Production' Interview."

⁴¹ See, Exhibit K, Dkt. No. 43-11, and SAC, Dkt. No. 43, paragraphs 37 (describing his role at Penguin Magic and that his statements were made within the scope of his employment with Penguin Magic) and paragraphs 38-40 (describing further his role with Penguin Magic, his statements discrediting Mesika, Tait's prior praise for Mesika, and the commercial pivot of attack once Penguin Magic came out with TIES).

1 Craig Petty is not an independent actor in the scheme to disparage Mesika and
2 divert sales to Penguin Magic's TIES product. As shown in Exhibit G, Dkt. No. 43-7, a
3 transcript of Craig Petty's own video, "Penguin Magic At Blackpool 2026," from
4 February 14, 2026, he told the public, "come over to the Penguin booth, see me and
5 Eric" (about 43:22) and Tait stated, "Yep. You and I are on the booth." About 39:27.⁴²

6 Petty also publicly stated in his own video, "FISM Roundup, Video Takedowns
7 & LTS of Convention News," Petty established his role as a company insider/agent by
8 using the corporate "we" when stating, "there was no Penguin booth on Monday at all
9 because we had nothing to sell uh Tuesday we're going into it with nothing either."⁴³
10 Petty stated in this July 22, 2025 video that he was representing Penguin Magic.
11 Specifically, from about 19:45 through 20:17, he stated, "Um I'll be on the Penguin
12 booth. So, I'm actually going to be there on behalf of Penguin Magic on the Penguin
13 booth."⁴⁴ Petty himself proves that he and Penguin Magic have a deeply integrated
14 commercial partnership, not a mere vendor relationship.

2 validly allege actual malice.⁴⁶

3 Yigal Mesika is a private individual, well-known in the niche magic industry,
4 but not a general-purpose public figure, nor even a limited-purpose public figure in
5 relation to the allegations by Defendants that Mr. Mesika must show actual malice in
6 relation to a matter of public interest.

7 "Unlike the 'all purpose' public figure, the 'limited purpose' public figure loses
8 certain protection for his reputation only to the extent that the allegedly defamatory
9 communication relates to his role in a public controversy." *Reader's Digest Assn. v.*
10 *Superior Court*, 208 Cal.Rptr. 137, 142, 37 Cal.3d 244, 253-254, 690 P.2d 610 (Cal.

12 Plaintiffs who make equipment for a niche market, but do not advertise or sell to
13 the general public, were found not to be all-purpose public figures as they lacked
14 pervasive involvement in the affairs of society.⁴⁷ Mesika's reputation is tied to the
15 commercial sale of his inventions within a niche community which does not amount to
16 the general fame or notoriety required to strip Plaintiffs of private figure protections.

17 The Supreme Court established the legal standard to define limited-purpose
18 public figures as those who "have thrust themselves to the forefront of particular public
19 controversies in order to influence the resolution of the issues involved."⁴⁸ Plaintiffs
20 did not interject themselves into any public controversy, Petty dragged them into

7 Petty co-produced, edited, branded, curated, promoted, and monetized the

15 **a. Public Interest Issue**

16 Defendants' defamation was not a matter of journalistic reporting, as neither
17 Erik Tait of Penguin Magic, nor Petty have any journalism credentials, nor was the
18 content of the videos part of any pre-existing genuine public interest debate. Instead,
19 Defendants conspired to make a coordinated, bad-faith commercial attack to destroy
20 Plaintiffs' reputation so that Penguin Magic and Petty could step into the void when
21 Mesika's sales are depleted and Penguin Magic can sell house-brand knockoffs at the
22 conventions and other events Erik Tait and Petty jointly operate.⁵⁰ Petty holds himself
23 out as a Penguin Magic insider/agent.⁵¹

b. The Statements are Provably False

Exhibits B (Dkt. No. 43-2, C (Dkt. No. 43-3), and N (Dkt. No. 43-14) to the SAC, provide tables referencing a portion of the false statements published by Craig Petty and Penguin Magic, and republished by Penguin Magic.

Petty made statements in his July 14, 2025 “The Desolation of Yigal Mesika” video that Mesika’s published patent application, US-2024-0416255-A1 at Exhibit A to the SAC, Dkt. No. 43-1, that Mesika stole the idea of the invention without crediting the creator of the “Rinkey Dinky” device.⁵³

As shown in Paragraphs [0006] and [0007] of the published application in Exhibit A to the SAC, Mesika’s patent application publicly referenced the “Ring Flight

Craig Petty and Penguin Magic to disparage and harm Plaintiff and Plaintiffs’ business activities to gain an unfair advantage over Penguin Magic’s competitors, the Plaintiffs.”).

No. 28-1 (“Mesika Declaration”), paragraphs 19-28, 30-38.

2 Related Art.” It is without question that these two prior devices were volunteered to the
3 Patent Office, publicly in Mesika’s patent application, filed on June 13, 2024, and
4 published on December 19, 2024.

5 Petty acknowledged as much in his text communications with Yigal Mesika in
6 June 25-27, 2025.⁵⁴ On June 26, 2025, as shown in these text messages, Mesika
7 acknowledged the existence of the Ring Flight device and told Petty that the “version I
8 developed isn’t just another Ring Flight-it’s a complete redesign with specific
9 innovations that were recognized and protected under patent law after a long and
10 detailed review process.”⁵⁵

11 Further in this text message chain Craig Petty confirmed on June 26, 2025 that
12 “I’ve looked at your patent application and I see the innovations you are referencing
13 especially in comparison to AirFlight.”⁵⁶ Petty confirmed that he saw in the published
14 application that Mesika’s application mentioned the prior art.

15 Further on June 26, 2025 Mesika told Craig Petty that he had been
16 communicating with Mark Bennett and that “Everyone recognizes the overlap, and
17 we’re working out an amicable path forward. No drama, no lawsuits-just professionals
18 sorting out a similarity.”⁵⁷

19 Mesika further stated to Petty that “Also air flight is mentioned at my patent
20 even before it’s exists.”⁵⁸

21 Yet further on June 26, 2025 Mesika stated, “I haven’t threatened litigation.”⁵⁹

22 ⁵⁴ See, Declaration of Yigal Mesika (the “Mesika Declaration”), filed concurrently,

1 In response, Craig Petty stated “I know that your patent mentions an AirTag
2 towards the end.” He later stated in the same text message, “I know you aren’t
3 threatening to sue Mark.”⁶⁰ Petty confirmed on June 27, 2025 that he understood that
4 Mesika was not threatening litigation against Mark Bennett, contradicting his and
5 Penguin Magic’s later allegations that Mesika is a litigious bully⁶¹ and a patent
6 terrorist⁶² or a magic terrorist.⁶³

7 Despite this clear acknowledgement that Mesika did not “steal” his invention,
8 did not hide the prior art, such as Airflight and Rinkey Dinky, and that Mesika was not
9 threatening litigation, on July 14, 2025 Petty made knowingly false statements contrary
10 to his knowledge, and he repeated those false statements in Penguin Magic’s July 25,
11 2025 video republishing and ratifying those false statements.

12 Petty’s video features Craig Petty falsely claiming that Mesika does not credit
13 “Rinky Dinky” as part of a history of not crediting other creators, while Mesika
14 publicly credited the “Rinky Dinky” as prior art in his published patent application.⁶⁴

15 It is without question that Craig Petty made these statements; the statements
16 were false, and Plaintiffs have a high likelihood of prevailing in proving the falsity of
17 these statements.

24 false claim that Mesika’s patent application is a copy of the “rinky dinky. See, Exhibit
25 C to the SAC, Dkt. No. 43-3, page 2, lines 16-19 (“Petty states that Mesika has a
history of not crediting other creators, specifically mentioning that he never credited
Dave Bonsil or Rinky Dinky on the tutorial for his ring flight, despite mentioning
“another guy in England that put a a ring flight in a key”. Compare with paragraphs 46,
and 68-70 of SAC, and Exhibit A thereto, demonstrating that Mesika disclosed the
“rinky dinky” in the patent application openly.

1 The false statements do not stop there. Petty republished false statements from
2 third parties, as shown in Exhibits B, C, and N to the SAC. Petty himself stated at 1:18
3 of his video that Mesika is a “patent troll” and “takes intellectual property by stealing
4 it. They’re claiming it theirs and then they go after any possible entity that might have
5 something to do with the knowledge that’s inside that pack.”⁶⁵ Petty knew from the
6 July 25-27, 2025 text message conversation, as he conceded, that Mesika was not
7 threatening litigation.

8 At 2:39 Petty states that Mesika was “Magic’s biggest litigious bully that for the
9 last three decades has been financially and legally bullying creators into submission
10 behind closed doors.”⁶⁶

11 Petty represented to the public that he was bringing facts, not merely opinions.⁶⁷

12 At 3:55, Petty claimed that Mesika “is now trying to sue anyone who brings out
13 their own ring flights,” and that Mesika never will have a patent approved. He knew
14 for a fact that Mesika was not trying to sue Mark Bennett. At 4:50 Petty states that
15 Mesika’s invention “was stolen in the first place” and that he was bullying people. He
16 knew that Mesika was not bullying Mark Bennett, and that he had no other knowledge
17 of any alleged “bullying” of any other person.

18 At 5:40 Petty maintains that he consulted with a lawyer before recording the
19 video, which, if true, shows that he followed Mesika’s admonition to seek legal
20 counsel before making his claims publicly.⁶⁸ This statement, if true, shows that Petty
21 had doubts, but proceeded recklessly, or with full knowledge that his statements would

1 be defamatory, further showing actual malice. Indeed, he states at 6:53 that he
2 deliberated over two weeks before completing the video.

3 At 16:30 Petty says that Mesika's Ring Flight came out in 2025, while he was
4 told on June 26, 2025 in their text message conversation that Mesika publicly released
5 his product "around February 2024."⁶⁹ Mesika's patent application, filed on June 13,
6 2024, and published on December 19, 2024, claiming priority from a June 13, 203
7 provisional patent application. It is noted that when Petty's Motion claims that "Mesika
8 apparently released his device several months before filing his patent application,"⁷⁰
9 Petty makes no reference to the filing date of the published application, nor his
10 concession in June 2025 to Mesika's representation that his application filed before
11 Mesika released his device. Petty could have, and should have, reviewed his text
12 messages, the published application, and the SAC before he made again this false
13 statement. If Petty had reviewed Exhibit B to the SAC, Dkt. No. 43-2, he would have
14 understood that his statement repeating this lie at 1:33:39 was false, as explained in the
15 parenthetical statement in that Exhibit regarding the patent application filing date. He
16 certainly should have reviewed the filing date before his July 14, 2025 video, which he
17 pondered for over two weeks. At 1:45:57 Petty again makes this false statement,
18 stating that Yigal Mesika's product was released "months before the patent was
19 actually filed."

20 At 21:51 Petty stated regarding Mesika's patent applications, "most of them
21 aren't granted most of them are never granted." Petty's Exhibit D to his Motion, Dkt.
22 No. 50-4 claims to be a quick patent search shows thirteen issued patents. This
23 evidence alone represents the falsity of Petty's statement. In fact, Mesika has more

1 than fifteen issued patents.⁷¹ At 1:18:41 Petty maintains again that “A lot of the patents
2 that Yigal puts through never get granted.” So, the reckless nature of Petty’s tirade
3 shows that he accuses Mesika of using his superior power to get patents to bully others,
4 but he is incompetent at obtaining patents to perform that bullying.

5 At 1:35:45 Petty falsely states that Mesika had “dozens of patent applications,
6 few granted,” when his own Exhibit shows a maximum of 32 patent documents, some
7 being merely the published application before issue of the same invention.

8 At 1:39:29 Petty refers to Mesika’s invention, talking directly toward Mesika as
9 if he was present, “You didn’t even credit the person that most people would consider
10 to be the godfather when it comes to ring flights.”

11 On June 9, 2025 Mesika, through his patent counsel, filed an Information
12 Disclosure Statement (IDS) disclosing to the United States Patent and Trademark
13 Office (USPTO) an Al Koran “Ring Flight” document from 1968, a Sumag “Magic
14 Ring Flight” document from 1967, and an Al Koran “Rinkey Dinky” document
15 from 1967.⁷² This document was publicly available as of June 9, 2025, before
16 Petty’s text message conversation with Mesika June 25-2025, and before Petty’s
17 July 14, 2025 “The Desolation of Yigal Mesika” video.

18 In the June 25, 2025 Penguin Magic video, Craig Petty made additional false,
19 defamatory statements. He stated that regarding Mark Bennett, “legal action was
20 threatened.”⁷³ As shown above, in reference to the Mesika Declaration and the text
21 message conversation of June 25-27, 2025, this statement was false, and Petty knew
22 that it was false. Petty continues his reckless disregard by claiming that Mesika gets

1 patents issued to bully others, but “Hardly any of them that get granted. And the ones
2 that do get granted, he just he allows them to expire.”⁷⁴

3 Petty repeats his other false statement claiming that Mesika’s invention was
4 “commercially advertised on the Magic Café up to a year and a half before the patent
5 was even filed.”⁷⁵

6 Petty makes the audience believe that he is speaking from knowledge gained
7 from reviewing documents, when he states that Mesika “has a documented history over
8 the last 20 years of using fake patents and patent applications and legally bullying and
9 intimidating people to try and force his will onto them.” Petty has not reviewed twenty
10 years of documents that support his false statement, and he wanted his audience to
11 believe that he gained such “knowledge” from reviewing a “documented history.”⁷⁶

12 Erik Tait, employee of Penguin Magic, Inc., in conspiracy with Craig Petty,⁷⁷
13 joins in the defamation by falsely claiming that Mesika failed to pay him properly for
14 some work years before.⁷⁸ All statements attributed to Erik Tait in the SAC were made
15 in the scope of Erik Tait’s employment by Penguin Magic.⁷⁹

16 Petty states the Mesika is “the most litigious person in magic who’s got a habit
17 of habitually suing people.”⁸⁰ As shown in Exhibit N to the SAC, Dkt. No. 43-14, in
18 reference to Petty’s claim that Mesika is the “biggest litigious bully . . . for the last three

1 decades, the last column of the table provides a lengthy list of lawsuits in the magic
2 industry. Mesika has not achieved the distinction of being the most litigious person in
3 magic, let alone for three decades.

4 Erik Tait underscores Petty's lies by summarizing these accusations as showing
5 that Mesika's actions are "used in an abusive way."⁸¹

6 Under *Roberts v. McAfee, Inc.*, 660 F.3d 1156, 1163 (9th Cir. 2011), this
7 showing of false statements above exceeds the "potential merit" standard and defeats
8 prong two.

9 Courts determine whether a statement is actionable fact by applying a "totality of
10 the circumstances" test. *Franklin v. Dynamic Details, Inc.*, 116 Cal.App.4th 375, 385
11 (Cal. App. 2004) (*Franklin*). Courts first examine the language of the statement to
12 determine whether the words are understood in a defamatory sense. (*Id.*). *See, Bently*

15 the comments are actionable). Language disclosing incorrect, incomplete, or an
16 erroneous assessment of facts and not "cautiously phrased in terms of the author's
17 impression" is more likely to be actionable. *See Dickinson v. Cosby* 37 Cal.App.5th
18 1138, 1163-1164 (2019) (*Dickinson*). Courts then consider the context in which the

4 **c. Statements of and Concerning Mesika Magic**

5 Defendants might have thought that their disparagement actions and anti-
6 competitive conduct only affected Yigal Mesika, but they also damages Mesika Magic,
7 a corporation. Plaintiffs seek damages from the Defendants for all damages attributable
8 to their torts.

9 **a. Opinion can be Actionable**

10 The *Newsom v. Fox News* opinion, which explicitly applies California law, held
11 that statements of opinion on matters of public concern “are not categorically shielded
12 from actionability.”⁸² Instead, an opinion constitutes actionable defamation if it can
13 “reasonably be interpreted as stating or implying defamatory facts about an individual
14 that are provably false.”⁸³ Prefacing a statement with, “in my opinion,” does not
15 provide immunity. *See Milkovich v. Lorain Journal Co.*, 497 U.S. 1, 18, 110 S.Ct.
16 2695 (1990) (“ ‘In my opinion John Jones is a liar’ ... implies a knowledge of facts
17 which lead to the conclusion that Jones told an untruth.”). When a speaker discloses

4 *Tilkey v. Allstate Insurance Company*, 56 Cal.App.5th 521, 554-5 (2020). Actual
5 malice “does not require that the reporter hold a devout belief in the truth of the story
6 being reported, only that he or she refrain from either reporting a story he or she knows
7 to be false or acting in reckless disregard of the truth.” (*Jackson, supra*, 68 Cal.App.4th
8 at p. 35.).

9 Defendants argue that, at most, Plaintiffs have only alleged that Defendants must
10 personally investigate the falsity or reckless disregard of their statements, which
11 Defendants claim does not equate to actual malice under *St. Amant* and *Reader’s*
12 *Digest*. While a mere failure to investigate is not enough, “a speaker cannot
13 purposefully avoid the truth and then claim ignorance.”⁸⁵ If a plaintiff offers direct
14 evidence that the statement was probably false, “the Court may infer that the defendant
15 intended to avoid the truth.”⁸⁶ Defendants’ own cited case, *St. Amant*, helps to show
16 how to establish actual malice.⁸⁷

17 Defendants did not merely fail to investigate, but they purposefully avoided the
18 truth by publishing statements that Mesika “hid” prior art, while willfully ignoring the
19 publicly available patent application⁸⁸ that explicitly disclosed the “Ring Flight

10 Defendants, Craig Petty, and Penguin Magic, through its employee Erik Tait,

DECLARATION OF FREDERIC M. DOUGLAS, ES .

DECLARATION OF FREDERIC M. DOUGLAS

I, Frederic M. Douglas, declare:

1. I am an attorney licensed to practice before all courts of the State of California (since 2001) and admitted to practice before the U.S. Court, Central, Eastern, Southern, and Northern Districts of California, and the Eastern District of Texas. I am a solo practitioner who is attorney for Plaintiffs in this matter. The following facts are of my own personal knowledge, except matters stated on information and belief, which are duly noted. If called upon to do so, I could and would testify to the truth of the matters stated herein.

2. I make this Declaration in support of Plaintiffs' opposition to Penguin Magic's and Craig Patty's Motions to Dismiss and Special Motions to Strike.

3. I am a registered patent attorney since 2001, familiar with the United States Patent and Trademark Office's (USPTO) Patent Center which provides access to publicly available patent application and issued patent files.

4. Attached hereto as Exhibit 1 is a true and correct copy of the documents that I downloaded on May 19, 2026 from Patent Center using USPTO procedures for Yigal Mesika's pending U.S. Patent Application No. 18/742,238. The documents in Exhibit 1 are the docket entries for this pending application found at <https://patentcenter.uspto.gov/applications/18742238/ifw/docs> application ; Mesika's June 9, 2025 Information Disclosure Statement (IDS); and an April 16, 2026 List of References cited by applicant and considered by examiner.

5. I note in the IDS Mesika had officially disclosed to the USPTO prior art listed in "Non Patent Literature Documents" one Al Koran "Ring Flight" document from 1968, a Sumag "Magic Ring Flight document from 1967, and an Al Koran "Rinkey Dinky" document from 1967.

6. I further note that in the List of References cited by applicant and

1 considered by examiner, that on April 13, 2026 the Examiner made an entry at the
2 bottom indicating that the Examiner considered all of the references Mesika
3 disclosed in the IDS.

4 7. All of these documents in Exhibit 1 were publicly available and would
5 be publicly available as of the entered dates in the docket of application documents.

6 8. I declare under the penalty of perjury under the laws of the United
7 States that the foregoing is true and correct.
